His quest for world domination is finally near. Empire Earth Gold Edition - Control the fate of an incipient civilisation through 500,000 years of human history. But his rise to supremacy will not remain unchallenged. It introduces several new devices and weapons, as well as a new freeform campaign structure similar to other real-time strategy games, such as the Total War series. If you conquer all the provinces, your empire will dominate the world in a state of world domination. Unlike Total War, however, the player continues through the course of history rather than staying for a certain period of time. There are three customizable civilisations to choose from, including Western, Middle Eastern and Far Eastern countries. Your path in mastery and supremacy in technology, politics and economics from antiquity to the future! Although there is simplicity, does not correspond to the premise of the name, but it is difficult to explain that the game reveals a lot of human history. 3.
